

About your Instructor:

Dominic Marinelli, Vice President, Accessibility Services, United Spinal Association

Dominic Marinelli has been with the United Spinal Association for 20 years and heads the organization's Accessibility Services (ACS) team. ACS provides accredited training and technical assistance on the latest state and federal accessibility requirements to design professionals and code enforcement officials throughout the country. United Spinal's Accessibility Services team provides consulting services that have been developed to provide the organization's experience in accessibility requirements and barrier-free design to a national clientele.
